# Magnum SinSation

The 5" Magnum SinSation is SinSationally effective and versatile rigged any way you prefer!  
Texas-rigged, Carolina-rigged, on a swim bait head; a scrounger head; or in place of a skirt on favorite spinnerbait, buzzbait or chatterbait.  
It's perfect for punching or even works as an oversized drop-shot bait.

Green Pumpkin Blue shown

Two front Curly Tails® produce lift, glide and pulsating for visual attraction. The back half of the body is thinner, allowing the oversized Curly Tail® to swim SinSationally.

The entire body is ribbed and covered with a series of poc'it chambers to increase water disturbance and slow its swim.

# Flip'n OUT

A great flip'n bait with a soft, sturdy, compact, ribbed body and paddle appendages for maximum water displacement to help bass find an easy meal in thick cover. Its two longer claw-like paddles and Mister Twister® Curly Tail® legs generate a lifelike, fleeing motion that's irresistible.

The body's recessed centerline creates perfect hook placement.

What's one feature setting this bait apart?

The body's smooth, scaled finish on one side, and deep, textured ribs on the other. By rigging the Flip'n OUT with the hook on the smooth side the lure will fall a little faster than if rigged on the ribbed side. Testing revealed a 17% difference in the fall rate between the two rigging options!

# Hang 10!

Junebug Red shown

This 10" worm has an extra-wide Mister Twister® ribbon tail that produces an enticing, swimming motion which results in merciless attacks from convinced bass. As you've probably heard, big baits catch big fish.

Fish it on a Texas or Carolina rig or use it weightless. This is a perfect bait for the Mister Twister® Keeper™ Weighted Worm Hook (page 22). Mister Twister's HANG 10!, simply put, is the perfect slow presentation lure.

# Poc'it Hawg Raiser™

Penetration shown

The Poc'it Hawg Raiser™ features oversized Curly Tails® on long, flexible legs that are positioned behind two side tabs to increase action and vibration.

This design allows the side tabs to have maximum range of motion and eliminates "collapsing", common to similar style lures, when the bait is fished fast.

Shad is the one bait fish that most fresh and salt water game fish seek as a food source, and the original Mister Twister® Sassy Shad® is the closest imitation of this classic bait fish. It will out produce any other shad-type lures. Its classic tail design and supple body give the Sassy Shad® the natural shad action big game fish can't resist.

# Top Prop™ -Rattling

Patented

BB-Baby Bass

watermelon/  
red & silver flake tail

Ordinary buzz baits sink when the retrieve stalls. With the Top Prop™ you can stop it, buzz it, stop & twitch until the bass can't stand it. And, with the Top Prop's attached stinger hook, hook-ups dramatically improve. Top Prop™ fishing is weedless. Fish it in heavy weeds, lily pads and around cover where big bass hang out. The thicker the muck, the better it works.

**PROPER RIGGING**

1. Slip the Top Prop's stinger hook onto the bend of the Keeper™ Hook.
2. Push the entire Keeper™ Hook bayonet into the head of the Split Double Tail™ trailer.
3. Insert the point of the Keeper™ Hook into the back of the Split Double Tail™ pushing it through until the point of the hook comes through the top. Back it off slightly and you're ready for truly weedless fishing.

Mister Twister® saltwater jigheads (page 23)

Its fan tail "flips" during presentation to imitate the natural swimming action of a live shrimp. In addition the tail includes a rattle chamber that not only produces fish-attracting sound, but it adds weight to the tail resulting in enhanced motion. Rig it on a Mister Twister® Saltwater Jighead and, depending on the speed of your retrieve, you will be able to fish it at virtually any depth.

The key to effective artificial shrimp presentations is tail action and sound. The Exude™ Fan Tail Shrimp not only has both, but its Exude™ formulation begins releasing scent as soon as the lure hits the water. Action, size, sound, colors and scent-Mister Twister's 2 1/2" Exude™ Fan Tail Shrimp has it all.

Everyone knows a Mister Twister® Curly Tail® Grub, rigged with a Mister Twister® jighead, is one of the most effective fishing lures ever. Mister Twister® invented the Curly Tail® Grub - the original Mister Twister® - more than 25 years ago. Fish it with a slow, steady twitch. While Exude™ lures are great for saltwater fishing, this is one Exude™ product that truly will catch just about anything that swims.

The Exude™ 4 1/4" D.A.R.T. uses the ten distinct ribs on its underside, to mimic juvenile bait fish. How? First, they displace water, creating turbulence that kicks up bottom sediment, just like a feeding baitfish. Second, the ribs increase surface area, allowing maximum release of Exude™ formula and creating a scent that predators recognize as food.

Plus, the D.A.R.T.'s round solid body gives this lure enough mass to make casting or skipping it a breeze, even against a stiff wind. On a jighead, the D.A.R.T. will stand up from the bottom attracting redfish, trout, snook, and flounder.

(4" only)

White Pearl/  
Black Back shown

This natural swimming bait imitates a live shad. Its perfectly engineered paddle tail gives every Saltwater Sassy Shad® fish-attracting vibration, and a look that has fooled saltwater game fish for more than 25 years. Use a 4" Sassy Shad® for redfish, speckled trout and snook. Rockfish prefer a 6" Sassy Shad® trolled on umbrella rigs. Regardless of the saltwater game fish you're after, there is a Mister Twister® Saltwater Sassy Shad® for you.
